

Truman Asks \$39 Billion Budget; Much For Defense

By CHARLES MOLONY

Washington, Jan. 12 (AP)—President Truman sent Congress today a record \$39,668,993,000 peacetime budget providing billions for defense and for meeting the "unprecedented challenge" of totalitarianism abroad.

He forecast history-making treasury surpluses, provided Congress does not cut taxes and lower the government's revenue, his figures:

For the year ending June 30, the government's income will exceed spending by \$7,462,610,000 — more than the United States spent in any single year during its first 146 years.

For the next 12 months of the 1949 fiscal year, \$4,807,868,000, to make a two-year total of \$12,269,478,000.

"Reflects War Costs"

Mr. Truman told the hostile Republican Congress that 79 per cent of his spending estimates for 1949 "directly reflect costs of war, the effects of war, and our efforts to prevent a future war." He stressed these points:

1. "The plain fact is that our budget must remain high until we have met our international responsibilities and can see the way clear to a peaceful and prosperous world."

2. "The costs of added military strength, if Europe should succumb to totalitarian rule, would far exceed the costs of the program of (European) economic aid now before the Congress."

Even before the President's bulky budget message of more than 20,000 words was read by clerks in the Senate and House, it faced announced Republican efforts to (A) cut taxes, possibly by \$5,600,000,000 annually, and (B) slash spending, including the \$6,800,000,000 asked for the first 15 months of the European recovery program sponsored by Secretary of State Marshall.

Tops 1948 Estimate

The big surpluses forecast were expected to supply new fuel for Republican tax-cutting arguments and perhaps in this election year provide the margin of Democratic votes needed to override any tax veto.

Mr. Truman declared that his 1949 budget was written by "rigid standards of operating economy" even though it exceeds by \$2,000,000,000 his original request for funds for the current 1948 year.

By next June 30, the President said the public debt will be down to \$250,900,000,000 compared with a wartime peak of \$279,000,000,000. With government income continuing at its current rate, Mr. Truman said the debt would drop to \$246,200,000,000 on June 30, 1949.

But, the President said, "Prudence demands" that the United States plan its finances "in full recognition" of its international responsibilities.

\$11 Billion for Defense

In this class he listed the two biggest items in his budget:

\$11,000,000,000 for national defense, 28 per cent of the total and \$279,000,000 higher than this year;

\$7,000,000,000 for foreign and other international affairs, 18 per cent of the total and up \$1,500,000,000.

After allowing for veterans' benefits, interest of the public debt and tax refunds, Mr. Truman said, only 21 per cent of the outlay would remain for social welfare and ordinary expenses of government.

The Chief Executive said income for the 1948 fiscal year, now half over, should reach \$45,210,000,000, the highest for any year except the \$46,467,000,000 received in wartime 1945.

He estimated next year's receipts at \$44,477,000,000.

But Mr. Truman insisted the government should use all excess over (Please Turn to Page Two)

Nine directors were re-elected Saturday afternoon by the Adams Electric Cooperative, Inc., at its annual meeting held in the Gettysburg high school auditorium.

Those renamed were A. C. Keefe, Carl Black, and Howard S. Schwartz, all representing Adams county districts; Elmer Lauer, Henry E. Miller, and Charles H. Hildebrand, representing York county districts; Edwin A. Kann, representing Franklin county, and W. G. Hensel and Clarence E. Jumper, from Cumberland township.

About 450 members from the three counties attended the session. Reports revealed that 4,094 members are now receiving service from the lines of the electric power cooperative, an increase of 338 over the 3,756 served at the comparable time last year. Five years ago, 1,440 members received current.

Fifty-nine miles of line were added during 1947 the report discloses bringing to 1,267 miles the length of line now in operation. In 1942 there were 554 miles of line increasing slowly to 980 miles in 1945. In 1946 there were 1,208 miles.

Increase Usage

Not only has the cost of current brought increased greatly since 1942, but the average bill has increased, showing a tremendous boost in use of electricity by individual users, many of whom, in 1942, had only a few lights installed in their houses as a start, according to the reports.

The cost of current purchased in December 1947 was \$7,674.37, compared to \$1,725.60 for the same month in 1942. The average monthly bill last year was \$4.88, as compared to \$3.64 in 1942. Total December billing jumped from \$5,252.72 in 1942 to \$19,983.16 last year.

The report also shows that the cooperative has been paying off not only the annual interest on its borrowing but large sums on the principal. The total amount borrowed (Continued on page 3)

PLAN REGIONAL RALLY OF HOLY NAME SOCIETIES

The first regional Holy Name rally since before World War II will be held in September at Delone Catholic high school, McSherrystown, the Southern Regional Union of Holy Name societies decided Sunday afternoon at a quarterly meeting held in Bonneauville.

Brooks Yantis, McSherrystown, was elected general chairman of the committee in charge of the rally and was instructed to name his own committee from among Holy Name members in St. Vincent's and St. Joseph's parishes, Hanover; Annunciation parish, McSherrystown, and Sacred Heart parish, Conewago chapel.

Prior to the war, rallies which attracted thousands of Catholic people in this section were held here, at McSherrystown and at York.

Plans for the program and the date on which it will be held are to be worked out by the committee which was instructed to notify the pastors of the 20 parishes in York, Adams and Franklin counties represented in the Holy Name union. The pastors will then act as sub-chairmen to notify their parishioners of the event.

Nominating Committee

A nominating committee headed by Leo P. McDermitt, Hanover street, as chairman, and including C. P. Myers and Martin D. Seymore, of Bonneauville; Robert Lawrence, of Hanover; John A. Robinson, New Oxford, and Z. W. Sanders, Littlestown, was appointed to draw up a list of candidates for the offices of president, vice president, secretary, treasurer and parish hall to be presented at the April meeting.

Plans for the annual banquet to be held probably in May at York were discussed with final arrangements to be made between now and the next quarterly meeting by the officers.

Boy Scout troops connected with the various parishes are to be invited to have representatives at the banquet and to attend the rally in September.

Miss June Evelyn Viall, daughter of Mr. and Mrs. William M. Viall, Lebanon, and Howard G. Shoemaker, of Gettysburg, son of Mr. and Mrs. Jacob L. Shoemaker, Souderton, were united in marriage at 2 o'clock, Saturday afternoon, in Salem Evangelical United Brethren church, Lebanon. The pastor, Rev. E. M. Rhoad, officiated in the single ring ceremony.

The bride was given in marriage by her father, and wore a silk street-length dress in the new "mink" shade, with a green orchid corsage and brown accessories.

Mrs. M. Dale Yocum was the matron of honor. She was attired in a green crepe street-length dress with brown accessories and a corsage of yellow carnations. Joseph Detweiler, of Souderton, served as best man. Paul Copenhaver was the organist.

Following the ceremony, a reception was held in the bride's home for the families and close friends.

Mrs. Shoemaker graduated in 1943 from Lebanon high school and in 1947 from Gettysburg college, where she was a member of Delta Gamma sorority.

Mr. Shoemaker is a graduate of Perkiomen Preparatory school, attended Villanova college and graduated from Gettysburg college. He is a teacher and athletic coach at Gettysburg high school. As a first lieutenant, he served in both the European and Pacific theatres for four and one-half years.

SINFONIETTA PLEASES LARGE AUDIENCE HERE

The St. Louis Sinfonietta Sunday night rewarded more than 1,000 patrons of the Gettysburg Concert association which ran the gamut from lighter classical music to the modern vein in composition, and displayed to a marked extent the success of its conductor, Paul Schreiber, in blending stringed instruments with the larger tonal color of woodwinds and horns. The concert was given in the Majestic theatre.

The concert met with marked appreciation here, so much so that Mr. Schreiber and the orchestra were called upon for three encores at the conclusion of the regular program. On the other hand, the conductor and his musicians found the audience here one which called forth their best.

Commends Audience

"It was one of the best audiences we have ever played for," Mr. Schreiber commented, after the concert.

The 19 members of the orchestra and Miss Gertrude Hopkins, harpist, who joined the others for the second half of the program, delighted the large audience not only with their standard chamber music numbers, but found ready appreciation for their interpretation of the novelty effects in the five miniatures by Paul White and the other less standard "tunes," some of them seldom associated with this type of orchestra. It was a tribute to their musical talents that they could so easily accomplish this versatility.

The "Arioso," by Johann Sebastian Bach, opened the concert, and was followed by the overture to "Phigelia in Aulis" by Christoph Willibald von Gluck. For their third number the orchestra played four movements from Joseph Haydn's "London Symphony No. 2," Adagio; Allegro; Andante; Minuetto; Allegro and Allegro spiritoso. The four movements were in the best symphonic style.

Plays Three Encores

Miss Hopkins' rendition of "Pieric," or Fairy Charm, prelude and dance, by Marcel Tournier, drew so much applause that she very graciously favored the audience with three encores, a Chinese Oriental dance, "Mighty Lak A Rose," and an imitation of an old-fashioned music box. She then joined the orchestra for the remainder of the program, (Continued on page 3)

Building Blocks Dumped In Square

Center Square was filled with cinder blocks at 3:30 o'clock this morning when a large tractor-trailer truck going around the square spilled more than 50 of them. The unbroken ones were re-loaded on to the truck, while Harry Turner, foreman in the borough highway department, removed the broken ones on a borough truck.

The truck was owned by Linder and Garber, York R. 1, and was driven by Robert Yingling, York R. 3, borough police said.

MAY LOSE BOTH FEET; WANDERED THREE DAYS IN MOUNTAIN SNOW

Russell Bigham, 42, Iron Springs, is a patient at the Warner hospital, where he faces probable amputation of both feet which were severely frozen when he became lost in the mountains Thursday afternoon and spent three days and nights wandering in the snow over a wide area before being found Sunday afternoon by searchers.

Bigham, whose general condition was reported as good at the hospital today, told hospital authorities he had left his home Thursday afternoon and lost his sense of direction.

A brother is reported to have gone to the Bigham home and found his brother missing Thursday afternoon. He is said to have found a fire in the stove. He returned later in the evening and found that a dog, which was there in the afternoon, was also missing.

Trail of Blood

The brother became alarmed and organized a party of searchers.

Bigham was tracked through the snow over Wildcat Rocks to the reservoir at Buena Vista. There the trail ended due to the lack of snow. Later the trail was picked up near the Old Forge section in Franklin county and the trail was made somewhat easier to follow due to blood being left in the heel mark.

The missing man was found on Peggy's Hill along the Antietam road near Swift Run in the Old Forge section by George Calimer, of the Old Forge area.

Removed His Shoes

When found Bigham's dog was with him and the man was barefooted. He told hospitals his shoes and stockings had become wet and he had removed them and continued his wanderings in his bare feet.

Bigham was admitted to the hospital Sunday afternoon at 4 o'clock, being brought to the hospital by S. L. Allison, of Fairfield.

Scores of searchers from the Iron Springs area, Fairfield and Gettysburg assisted in the search. A group of Waynesboro Boy Scouts assisted on Sunday and on Saturday night local state policemen joined in the hunt.

ADAMS COUNTY PROMINENT AT PA. FARM SHOW

Adams county farmers today moved their interest from what is happening down on the farm to what is happening at the Farm Show at Harrisburg.

Hundreds of countians expect to attend the sessions held this week at what has been described as the biggest farm show in the United States and a large number of countians are participating in various ways in the activities being held in connection with the affair.

Two Adams countians, Frederic E. Griest, Flora Dale and Roy Heckenluber, near Arendtsville, are to preside at meetings of state-wide farm organizations of which they are presidents. Griest, serving his second term as president of the State Horticulture Association, began his work today. Heckenluber, as president of the Pennsylvania State Poultry Federation, will preside at the meeting of that organization Wednesday morning and also is taking part in the display being conducted by the poultry growers at the farm show.

County Apple Exhibit

One of the top exhibits, in the minds of many countians, is the display entered by the Adams county fruit growers in the apple contests being held at the farm show. Last year the county exhibit walked off with first place and countians won many honors given for individual countians in the apple contests. As a result the county won the over-all prize for apple competition.

Twenty-four Adams countians, members of the Senior Extension club, will take part in the square dancing to be held as part of the "Song of the Season," the annual all-rural talent show to be given Tuesday evening at 7:30 o'clock.

Countians To Dance

Listed as they will dance, by couples, the countians are, Jean Hoffman, Gardner, and Charles Klingner, Gettysburg; Nadine Baker, East Berlin, and Charles Gelsler, Jr., New Oxford; Kathryn Bucher, Gettysburg, and Charles Cushman, New Oxford; Rhoda Crouse, Gettysburg, and Robert Mansberger, Biglerville (Continued on page 2)

He and his father, the late H. J. Sanders, once operated a hardware store under the name of H. J. Sanders and Son at the present site of Minter's grocery store.

His wife was the late Elizabeth C. Sheely of New Oxford. There are no near relatives. Funeral services and burial will be held here, details to be announced later.

GRIEST SPEAKS AT STATE MEET OF ORCHARDISTS

"The apple market, both fresh and processed, is almost at a standstill," Frederic E. Griest, Flora Dale, president of the Pennsylvania State Horticultural association, told the members of the organization this afternoon at the annual meeting of the group held at Harrisburg in connection with the Farm Show.

"There are several reasons for the decline in the apple market," Griest declared. "The dry and warm September and October brought about a condition in which the fruit was overripe when picked. In addition there was a very short crop in the east and too many of us banked on that and picked and put on the market off-grade apples."

"The freeze on October 1 increased the number of drops and these were also marketed. The Northwest experienced the same heat wave during harvest and as a result had an exceptionally large quantity of large, pale apples, slightly overripe."

Two Countians On Program

Griest was one of two Adams countians to address the state horticulture group this afternoon. John Peters, head of the Adams County Fruit Growers' Cooperative, spoke on the "Apple Marketing Program."

Another reason given by Griest for the decline of the apple sales is "the nature of the American people in wanting articles which are scarce. Meat, poultry and eggs are higher in price than ever before but their consumption is also at an all time high. On the other hand fruits and vegetables are lower in price than they have been in several years, but the total consumption is much smaller."

Regret Loss Of Tax Bill

"I am confident that if we can grow good apples the market will come back. We have to keep poor apples off the market. We must also do our best to grow apples cheaper and work out methods of reducing the spread in price between producer and consumer."

The state president pointed out that "most of us are sorry about the failure of the apple tax to pass state (Continued on page 2)

Blazing Army Transport Is Abandoned In Atlantic With Empty Caskets Aboard

New York, Jan. 12 (AP)—The army transport Joseph V. Connolly, which brought the first war dead back from Europe, caught fire early today and was abandoned by its crew of 45 and one passenger in winds of gale force about 900 miles east of New York.

The ship was en route to Antwerp with about 5,000 empty caskets aboard.

The Coast Guard said the Liberty ship Morrison B. Waite reached the Connolly's last reported position shortly after 7 a. m. (EST) and was searching for the Connolly's lifeboats. Almost three hours later the Coast Guard said the Waite had not sighted either the lifeboats or any wreckage.

The New York port of embarkation said earlier no injuries or deaths were reported among the Connolly's crew. The weather bureau said, however, that winds of up to 40 miles an hour were reported in the area and that the area had been hit by showers.

Dr. Joseph H. Riley told of a Holy Name rally to be held in September at McSherrystown and of a Holy Name banquet to be held in York in May.

A discussion on the possibility of purchasing new windows for St. Francis Xavier church was held, with the group deciding that such a plan would not be feasible at the present time due to the inflated cost of such windows.

SMOCK LISTS HIGHWAY NEEDS

Philadelphia, Jan. 12 (AP)—Ray F. Smock, state secretary of highways said today that traffic surveys show state highway building should proceed "at the rate of approximately \$167,000,000 a year" but this total "appears" without possibility of financing.

Smock, who spoke at the annual meeting of the Associated Petroleum Industries of Pennsylvania, said the Commonwealth spent \$67,000,000 for such improvements in 1947 and will spend \$100,000,000 in 1948.

Smock added in a prepared address that it is also questionable whether the highways department could organize for expenditures of \$167,000,000 due to "an acute shortage in trained engineers."

Smock said that of the money paid each year by Pennsylvania motorists "only \$36,500,000 or 31.7 per cent" is available for construction, reconstruction, resurfacing and widening of highways and streets.

"If the present federal aid appropriation and the cash balance accumulated during the war years were not available, this \$36,500,000 would finance the following yearly program:

\$10,000,000 resurfacing; \$8,000,000 earth road construction; \$4,000,000 reconstruction and modernization of main highways system."

NEW COLD WAVE IS APPROACHING

(By The Associated Press) A cold wave, whipped along by winds upwards of 25 miles an hour, was bearing down on the north central states again today, threatening to bring zero temperatures as far south as northern Iowa and northern Nebraska by tomorrow morning.

The mercury was expected to drop to around zero in northern Iowa tonight and to 5 below in northern Nebraska.

The temperature in New England was due for a sharp rise today and tonight, Kenny said, but added that much colder weather could be expected in that area again tomorrow.

Elsewhere throughout the nation, temperatures were at or near seasonal normals, with Brownsville, Tex., reporting the nation's high yesterday at 80 degrees. Los Angeles had 77 and Miami 71.

R. C. LAUNCHES BLOOD PROGRAM

Rochester, N. Y., Jan. 12 (AP)—The American Red Cross today launched a huge nationwide program to supply life-saving blood and many amazing blood products free to all sick and injured citizens.

Hailed as a unique and far-reaching step to improve national health the program is a direct outgrowth of the wartime mobilization of blood which sent millions of pints of blood and plasma overseas, saving untold lives among war casualties.

It gets underway formally with dedication this afternoon of the first unit here of a network of regional and local blood centers to be operated by the Red Cross in cooperation with physicians and hospitals.

Plans call for eventual establishment of some 140 metropolitan donor centers, with 250 secondary centers in smaller communities, and several hundred mobile units reaching into rural and suburban areas.

It will be three to five years before all communities can be reached, however, said Basil O'Connor, National Red Cross president.

Physicians estimate that donations of 3,700,000 pints of blood, which cannot be made synthetically, will be needed annually.

The international apple situation was discussed this afternoon at the meeting by H. W. Burrow, assistant secretary of the International Apple association of Rochester, N. Y. Tuesday morning F. N. Pagan, Pennsylvania State college, will speak of "Our Obligations to the Fruit Growers of Pennsylvania and Our Contributions" and Dr. John R. Magnus principal pomologist, United States Department of Agriculture, will speak on "A Summary of the Apple Industry and Possible Changes for the Future." Tuesday afternoon Dr. F. P. Cullinan, chief of the Bureau of Plant Industry, USDA, will speak on "The Peach Situation and Possible Adjustments for the Future." M. A. Blake, New Jersey College of Agriculture, will speak on "Peach Varieties" and J. Eric Linde, Oregon, will speak on the "Peach Marketing Program." NAVY MATMEN HALT BULLETS; RIEDEL WINS

Clyde Cole's Gettysburg college wrestling team lost its first match of the season Saturday when it bowed to the powerful Navy grapplers at Annapolis 21-3.

The victory marked the 39th straight for Navy in dual competition. Navy has not lost a match in over five and one-half years.

Russ Riegel, the Bullets' star 145-pounder, kept his undefeated string intact by gaining the lone Gettysburg decision, a 1-0 verdict over "Chuck" DiBenedetto. Riegel, voted the outstanding wrestler in last year's Middle Atlantic conference meet, has been unbeaten in a streak that carries over from his high school days.

The Bullets gave the Navy lads a stiff argument and all matches resulted in point decisions.

Next Saturday afternoon the locals will attempt to get back in their winning stride when Haverford college is met here.

Summaries:
121-Pound Class — Edward, Navy, won a 8-to-3 decision over Schmitt-themer.

128-Pound Class — Kinney, Navy, won an 8-to-3 decision over Lenker.

136-Pound Class — W. Smith, Navy, won a 9-to-3 decision over Erb.

145-Pound Class — Riegel, Gettysburg, won a 1-to-0 decision over DiBenedetto.

155-Pound Class — Downes, Navy, won an 8-to-0 decision over Soult.

165-Pound Class — Wisner, Navy, won an 8-to-1 decision over Binder.

175-Pound Class — Settle, Navy, won a 6-to-0 decision over Way.

Heavyweight — N. Smith, Navy, won a 3-to-1 decision over Reider.

UN SEEKS PEACE FOR HOLY LAND

By LARRY HAUCK

Lake Success, Jan. 12 (AP)—Pressing problems surrounding the partitioning of Palestine and India confront the United Nations this week with delegates hoping for early decisions to halt bloodshed and strife.

The five-nation Palestine commission goes to work in secret session tomorrow in an effort to work out plans for enforcing the General Assembly's November 29 decision to split the Holy Land into Jewish and Arab nations. The first major question is when the commission will go into Palestine, where Arabs bitterly oppose the partition scheme.

The Jewish agency wants the commission to leave for Palestine at once and get started on opening up immigration and establishing provisional governments. The British insist it should remain outside until British rule ends. Declaring she is ready to give up the mandate May 15 or perhaps earlier Britain spurns any move toward dual U.N.-British control.

The question of India, carved up into the dominions of India and Pakistan along Moslem-Hindu lines last August 15, comes before the Security Council on a charge by India that Pakistan, the Moslem nation, is supporting an invasion of Kashmir. Debate is expected to start Thursday.

Three-fourths of the 4,000,000 people in the princely state of Kashmir are Moslems but their ruler, Maharaja Sir Hari Singh, is a Hindu who has signed Kashmir to India, pending a plebiscite.

India raised only the issue of Kashmir, but Pakistan has indicated she may attempt to widen the discussions to cover the entire area of old India and the frequent Hindu-Moslem clashes over affiliation.

Ice Capades Open At Hershey February 9

Hershey, Pa., Jan. 12.—When the Ice Capades of 1948 comes to the Hershey Sports Arena for fourteen performances between February 9 and 21 (two Saturday matinees instead of Sunday presentations), ice revue fans will see a new star in Alan Konrad, a sensational teen-age skater, who will be featured in the Skating Prom in which he has made a hit as the "show-off."

This 17-year-old youngster, since the eighth edition was introduced, has been regarded as one of the brilliant stars in a show with those who have won foremost rank in ice revues.

Konrad first came to the front last season when just before the opening night in Montreal, Bobby Specht, star, who teams with Donna Atwood, broke his ankle. Alan, who for six months had been understudy to Specht, skated the Anthony and Cleopatra number after five minutes notice. Alan had Bobby's part for three months until the ankle mended.

DURKOTA SIGNS

Cleveland, Jan. 12 (AP)—Jeff Durkota, star wingback for Penn State's unbeaten 1947 football team, has been signed by the champion Cleveland Browns of the all-America conference.

Durkota, whose acquisition was announced last night, was the Browns' number one choice in the conference player draft. Penn State's leading scorer with 10 touchdowns, he will be used by Brown's Coach Paul Brown at right halfback.

Bullets Host To F. And M. Tonight

A revamped Gettysburg college cage team will take the floor against Franklin and Marshall when the teams clash this evening on the college floor.

Coach "Hen" Bream will probably use Ray Nowak in his starting lineup to replace Harry Pure who suffered a fractured left elbow in the Lehigh fracas. Pure's absence will be keenly felt as he has been particularly effective in securing the ball underneath the baskets.

The Bullets will be after their fifth victory at the expense of the Diplomats. F. and M. copped a 65-50 decision from the Penn Military college dribblers on Saturday and promise to offer the locals keen competition.

At 7 o'clock the Bullet freshmen will seek their second straight triumph when they engage the Franklin and Marshall yearlings.

Tonight's game marks the first of three tough assignments this week for the Bullets. On Wednesday the University of Pennsylvania will be met at Philadelphia and on Saturday Lafayette will be met at Easton.

Sports Roundup

By HUGH FULLERTON, Jr.

New York, Jan. 12 (AP)—Minnesota's Jim Kelly, who spent some time looking over European track talent, brings word that everything won't be beer and skittles for American runners in the Olympic games next summer—in fact, they may not find a skittle anywhere.

Without mentioning too many names, Jim points out that England and Holland have some good sprinters and hurdlers. Sweden plenty of good distance men—and from what he could see, they're by no means undernourished.

In addition Australia likely will check in with a good team and Jamaica, with runners like Herb McKenley and Lloyd Labache, may pick up a couple of victories.

The U. S. will have to look to the relays and field events for most of its victories, says Kelly, who then adds: "It will make the games all the more interesting to have such competition."

WHISTLE CONCUR

While basketball fans everywhere are beefing and stewing (put them together and you get a pretty good meal) about too much official whistle-blowing, they can ponder their good fortune in missing these recently reported contests: At Hartford, Conn., the Manchester Guards and Hartford Hurricanes played a game in which 70 fouls were called for 89 free throws. Only 44 were good. . . . Sports Editor Ed Yost comments: "A path was worn between the two baskets from parading back and forth." . . . And in the Augustana college tournament at Moline, Ill., the officials tooted 67 fouls against the Illinois College "Blueboys" and the Western State "Fighting Leathernecks."

Eight men left the game on personal fouls and one was bounced for a flagrant foul, so they had to finish the game with three men on the floor for each team. . . . You might think the "Fighting Leathernecks" were well named, but it was Western Coach Stix Morley who had to yank players to keep the sides even.

CLEANING THE CUFF

What's this talk about long-distance phone calls going back and forth between the Los Angeles Dons and J. Bierney Crum, celebrated Allentown, Pa., high school coach? . . . Davey Day, former top-flight lightweight who has been driving a back in Chicago since he left the navy, wants to try a comeback. . . . The New York Athletic club has returned hockey to its program after a seven-year lapse but is playing strictly small-time opposition.

Talking about a halfback he had failed to land for Boston U. Buff Donnell wisecracked: "I realize there are many pro players who get more than their coaches, but I didn't think the time had come when a college player is getting more than the coach's salary."

Ruth In Hospital Again For Checkup
New York, Jan. 12 (AP)—Babe Ruth is in the hospital again for a check-up on the throat ailment that has been bothering him for several months.

Mrs. Ruth said it was just a routine matter and that the Babe would be out "in three or four days." The former home run king, who underwent a throat operation last winter, entered the Neurological Institute Saturday.

Fractures Elbow

Harry Pure, star forward of the Gettysburg college basketball team, who will be out of action for at least a month due to a fractured left elbow sustained Friday evening in the game with Lehigh. Pure, who topped the scorers last season, was injured in the first half of the game but re-entered the contest for a brief period in the second half. Examination at the Warner hospital Saturday noon revealed the break.

Mangrum Winner In Del Monte Pro Match

Del Monte, Calif., Jan. 12 (AP)—

Stylish little Lloyd Mangrum today pocketed \$2,533 and the professional golf championship in the 1948 Bing Crosby tournament.

Unique in its progress, the 54-hole tournament was played over three different courses here on successive days. Mangrum clubbed each one into submission, chalking up ten under par for the three rounds, and a total of 206. He shot the par 72 Cypress Point course in 70; the par 71 Monterey Peninsula layout in 67 and the famed par 72 Pebble Beach test in 68.

Stan Leonard of Vancouver, B. C., grabbed the second spot with a 210.

It was worth \$1,550 to the Canadian. Third place among his fellow professionals, was Ben Hogan of Hershey, Pa. Hogan's medal score was 211, but he teamed with Johnny Dawson of Los Angeles to win the pro-amateur best ball competition with a low of 197.

Cromwell To Coach Olympic Track Team

Los Angeles, Jan. 12 (AP)—In his 39th and final year as a developer of great athletes, Southern California's Dean Cromwell has been appointed head coach of the 1948 U. S. Olympic track and field team.

"The culmination of a coach's dream"—meaning his own—was the way the smiling, spare 68-year-old Trojan coach put it.

This, Cromwell disclosed, is his last season as an active mentor. University of Southern California rules demand automatic retirement at age 67, but he was given a one-year extension with the hope that he would snag the Olympic appointment.

Villanova scored a surprising 61 to 39 victory over a supposedly strong Navy Five at Annapolis.

LaSalle maintained its pace as close runnerup for the state court honors, winning number nine, an easy 67-59 victory over Virginia Temple regained its winning ways in the other half of the Saturday twin bill at Philadelphia Convention Hall, defeating Duke 58-54.

163 CATHOLIC STUDENTS MUST QUIT COLLEGE

Cleveland, Jan. 12 (AP)—The 163 Roman Catholic students studying for degrees at Baldwin-Wallace college must withdraw from the Methodist institution at once if they wish to conform with the doctrine of their church, a diocesan priest advised a mass meeting of the students last night.

A compulsory religion course and religious chapel programs at the nearby Berea institution are contrary to Catholic Canon law and make it "impossible for a Catholic to pursue courses leading to a degree and remain a good Catholic," the Rev. Joseph T. Moriarty, professor of religion at St. John's college, told the students, who met in the auditorium of a Catholic school. Several of them, including two prominent athletes, already have withdrawn.

The long-brewing issue was brought to public light recently when a Catholic student, who has since withdrawn, asked for an authoritative statement on a course, philosophy of religion, which is required of seniors working toward degrees.

Msr. Vincent B. Balmat, chancellor of the Cleveland Catholic diocese, asserted in reply that Catholics "may not under any circumstances or pretext attend a class of this kind."

Dr. Louis C. Wright, president of Baldwin-Wallace, then issued a statement indicating no change in the course was contemplated. "There has been no change in required chapel programs and courses in religion for 100 years," he added. "This is stated in the college catalogue, and each student has this information upon entering college. Chapel programs have never been sectarian."

Well, now, Stalin's word is supreme and final in Russia. For more than a score of years his policies have dominated both home affairs and foreign relations, including the handling of the Bolshevik world revolution for the spread of Communism. His foreign policy, while going the full limit of daring in the interest of Soviet expansion, apparently has been aimed at avoiding major warfare.

So if Stalin's control suddenly were removed, and affairs were placed in charge of less dominant and shrewd men, a disastrous situation could arise. For example, an over-ambitious decision in Moscow regarding the fiery Balkan situation might touch off the powder keg—and that's only one of many zones which are on the danger list.

No, I think that right now western democracy would prefer to see Stalin at the wheel in Moscow—and this despite the fact that he probably is regarded generally by opponents as being the most dangerous man ever pitted against our way of life. It isn't that democracy loves Stalin the more but that it likes the idea of possible hot-headed instability in Moscow the less.

This is a case where dislikes shouldn't be allowed to obscure vision. Despite democracy's dislike of everything Stalin stands for, the fact remains that he is one of the most powerful leaders of all history, and his leadership is based on undoubted genius. Having said this it may be pointed out that powerful leadership and genius aren't necessarily qualities of goodness.

In any event, the known qualities of Stalin as chief of state would seem to be preferable to uncertainties in these perilous days when the world is just beginning to emerge from Hitlerian catastrophe.

TEL AVIV BANK ROBBED TODAY

Jerusalem, Jan. 12 (AP)—Eight men and women brandishing weapons robbed Barclay's bank in Tel Aviv of between \$50,000 and \$75,000 at noon today Jewish sources reported.

The robbers looted five small cash boxes in the bank, relieved customers of the money they were carrying, and then escaped in a taxicab.

Sporadic shooting was reported throughout Palestine this morning and the results of yesterday's violence in the strife between Arabs and Jews boosted the unofficial death toll to 690 since partition was voted November 29.

Deaths since the projected partition have been unofficially tabulated as 292 Jews, 356 Arabs, 30 British and 12 others.

It was officially announced that the Jisr Banat Yacoub bridge located on the Haifa-Damascus highway between the Sea of Galilee and Lake Hula, which was dynamited last night in a Jewish defense maneuver, was passable to pedestrian traffic only today and was being replaced by a temporary span for motor traffic.

Firing was renewed for a short time early today as Arabs reportedly renewed their attack on Jews of the Mekor Haim settlement, just beyond the perimeter of Jerusalem, where a pitched battle lasted all day Sunday.

CHANGE IN USSR CHIEF COULD BE BLOW TO PEACE

By DEWITT MACKENZIE
(AP Foreign Affairs Analyst)

Moscow denials of rumors that Premier Stalin is dead will, one suspects, be received with relief in the capitals of the western democracies against which the Soviet leader is directing the Communist assault.

I quite realize that such a statement seems to contain conflicting thoughts—and I could be wrong in my viewpoint. However, it strikes me that we are dealing with an idea which at first blush seems absurd and yet actually is correct—in short, with a first class paradox. My reasoning is this:

The conflict between the Russian bloc and the western powers is in such a dangerous state that a bad misstep could produce another world war. Both sides recognize this and are proceeding with care because neither wants to see a third global upheaval. Thus so long as steady hands remain in control in each camp, the likelihood of a major explosion in the near future isn't great.

White, but more particularly the latter, the fuller play of novelty effects more often associated with "jazz" orchestras was employed. Some of these numbers were at least reminiscent of the Spike Jones type of entertainment. Most of the concert-goers liked the diversity, if the ripples of subdued chuckles were any criterion.

Generous Program
White, who is associate conductor of the Rochester Civic orchestra, wrote his miniatures originally as piano numbers for one of his daughters. They included "By the Lake," "In a Caravan," "Teenie's Doll," "Hippo Dance," and "Mosquito Dance."

The well-known and beloved Strauss Waltz concluded a well-rounded scheduled program, but this was not all. For its first encore, the orchestra played selections from Jerome Kern's "Show Boat," and

followed with the "Dance of the Comedians" and a polka, in which novelty effects were again employed.

The Sinfonietta concert was the first in the Gettysburg Concert Association's winter series. The orchestra arrived here at noon Sunday after playing at Bellefonte and Chambersburg last week. They remained overnight at the Hotel Gettysburg and left this morning shortly after 8 o'clock for Morgantown, W. Va. They use their own bus, and besides the orchestra members and Mr. Schreiber, the company included a chauffeur and stage manager.

Today's Talk

BETTER AND BETTER AND BETTER

I can think of no better resolution for this young New Year than this—to try and do all that we do better and better. There is the opportunity for each one of us to do something better than it has ever been done before! At least better than we have ever done it.

We know our own faults, mistakes and failures better than anyone else. It is therefore both our privilege and opportunity to try to better ourselves, thereby bettering what things we may have to do. We must bear in mind that each day is unique in itself. We will never have a chance to live it over again. But we can live today better than yesterday!

If all the great thinkers and leaders of the world concentrate upon a plan to make this a better—and safer—world, it would be a better world. There are far more good people in the world than bad, therefore the good people should have the greater say and the greater power. But that say and power should forever rest upon justice to all.

By living better we think better and do our daily task better. Every kindness, every exercise of patience, every courageous act, lifts us in heart, and enriches our experience. Our outlook becomes clearer, and we are enabled to view life upon high ground. It's an investment to try to do better all the time. It is the only method for substantial growth.

Rather than to stand upon the sidelines, unthinking, idle, and in complaining mood, fearful of what may happen, without doing a single thing to improve matters, "far better it is to dare mighty things, to win glorious triumphs, even though checked by failure," in the words of Theodore Roosevelt. Movement is life!

This day can be better than yesterday, for it has the advantage of all the experience of all the days that have gone before. Like the rolling snowball it gathers bulk, substance, and momentum. There was something vital and invigorating to that sentence that the famous Dr. Cune gave expression to, urging that it be repeated a dozen or so times each day, thus: "Day by day, in every way, I am getting better and better!"

Tomorrow Mr. Adams will talk on the subject: "Dr. George Washington Carver."

Just Folks

By EDGAR A. GUEST

OVERTIME
Had I ever told my dad: "I do more than I get paid for,"
He'd have smiled and said to me:
"That's what growing boys are made for."
That is how they prove their worth;
How they show they have ambition;
That's the surest way I know to the better paid position."

Had I ever told my dad: "Overtime I'm often staying,
And for overtime the boss never seems to think of paying."
He'd have smiled and said to me:
"Just forget what now he pays you.
You'll be paid for overtime when the day has come to raise you."

Boys are wanted still today who'll forget the quitting minute;
Who can see the post ahead and will do their best to win it;
Boys who'll do the extra bit when they know that it is needed.
They'll be paid for overtime when they're men who have succeeded."

SEVEN FIRES IN PENNSYLVANIA OVER WEEK-END

(By The Associated Press)
Seven fires in eastern Pennsylvania over the week-end caused property loss estimated at approximately \$670,000.

The harvest was in Chester on Saturday where flames swept the Stein automobile accessory store with a loss of about \$500,000. Three firemen were overcome by smoke during a three-hour fight to extinguish the blaze.

Grade and high school classes are suspended as a result of a fire of undetermined origin which leveled the Newton-Ransom grade school, ten miles from Scranton, last night. The loss was estimated at \$60,000.

Four firemen were injured and six families living in nearby apartments fled to safety from a blaze Saturday evening at the Crane electrical supply company store in Reading. Damage was estimated at \$75,000.

Favorites On Road For Next Tuesday

Harrisburg, Jan. 12 (AP)—With the possible exception of Bethlehem every pre-season favorite for league or district basketball titles will be cast in the role of visitors on tomorrow night's scholastic schedule. Bethlehem, leading contender for the Eastern conference crown held for the past three years by Allentown, will play host to Pottsville while Easton travels to Hazleton for another conference encounter.

Reading, outstanding favorite for the Central Penn conference crown, goes to York, while Steelton plays at Lancaster and Lebanon invades John Harris in the same circuit.

Four leading contenders for sectional honors in the WPAL's far-flung circuit are on the road, with Ford City at Kittanning; Farrell at Ambridge; Demora, former western title-holder at Homestead, and Wilkensburg listed at Turtle Creek.

Award Prizes To AP Photographers

Philadelphia, Jan. 12 (AP)—Twenty-seven Pennsylvania photographers won prizes in the seventh annual Keystone State Associated Press newsphoto contest.

The winners were selected Saturday from a record entry list of 426 pictures submitted by 63 photographers from 30 member papers.

First place winner in each division will have their pictures entered in the National AP contest. Fire pictures won first prize in two news divisions—Don Pasquella of the Philadelphia Evening Bulletin topped the top award for member newspapers in cities with over 150,000 residents, while William B. Shively of the Easton Express took honors in the under 50,000 population.

Wilmington, Del., Jan. 12 (AP)—Norman Lee Rechuba, 23-year-old confessed bank robber who escaped from the Norristown, Pa., state hospital for the insane, is being held after his capture by Wilmington police. Detective George McLaughlin said yesterday that Rechuba was caught by police while trying to enter a parked truck clad only in a sweater despite freezing temperatures Saturday night.

FARM SHOW AT HARRISBURG IS OPENED TODAY

By LEONARD A. UNGER

Harrisburg, Jan. 12 (AP)—The 1948 State Farm show, Pennsylvania's exposition of agrarian superlatives, opened today for a five-day run expected to attract in excess of 500,000 visitors.

More than just a state fair, the event attracted 10,000 competitive exhibits of everything from soil to table—the finest in livestock, the choicest of fruits and vegetables and the best displays of all phases of all farm and rural home life.

\$45,000 in Prizes

Stalls upon stalls of cattle echoed to sonorous bawling which intermingled with noises from nearby sheep, swine and poultry pens in the mammoth structure, largest in-

door farm exposition hall in the world.

Exhibitors will vie for \$45,000 in cash prizes in 120 different events, the first of which were due to be judged late today.

Although doors swung open to visitors at 8 a. m., the show officially gets underway tonight with an address by Gov. James H. Duff.

Miles Horst, state Agriculture Secretary and chairman of the Farm Show commission, said in a pre-show statement the exposition's keynote is "economical production on Pennsylvania farms."

Six Miles of Frankfurters

"The Pennsylvania Farm show is by and for the farmers of the state. While it is for the farmer on the farm it also takes in all other branches of the greater food industry—the men who make and distribute farm machinery, feeds, baby chicks, fertilizers, seeds, and the food processors and distributors," he added.

Some of the superlatives at the show include:

It will take six miles of frankfurters, 16 dozens of rolls, a half

ton of butter, two tons of dressed poultry, 5,000 gallons of milk, 10,000 cuts of pastry and a host of other items to feed visitors.

It will require 60 to 80 tons of bituminous coal to supply heat and light for the structure.

31 Meetings

It will employ 200 extra laborers to clean up 18 to 20 truck loads of litter daily, including discarded bags, boxes, paper cups and skins of baked potatoes.

An important adjunct to the show itself is the series of annual meetings planned by 31 farm organizations, some of which plan sessions ranging from a half day to three days in length.

The farm show, as usual since the event started 32 years ago, will be free to the public. Use of the 27-acre parking lot adjoining the farm show building also is without charge. Cost of the exposition is financed by fees from commercial exhibitors for floor space.

Most young animals separated from their parents show no fear of snakes.

Unlike snakes, legless lizards have eyelids and external openings for their ears.

WRITES BOOK ON HOW TO BE MESSY SPEAKER

By JAMES MARLOW

Washington, Jan. 12 (AP)—Here's some help if you want to make a total mess of yourself when you get up to make a speech.

It seems that speaking well is pretty easy but speaking poorly requires plenty of work. Dr. Harold F. Harding, an expert on good speaking, has just written a piece called the "Principles of - Poor Speaking."

It's carried this month in the Scientific Monthly magazine. In it, Dr. Harding says: "Contrary to popular opinion, it is fairly easy to write or to speak well. But writing poorly and speaking poorly are really difficult."

Poor Speaking Is Tough

Instead of outlining the things you should do to be a good speaker, Dr. Harding twists it the other way around. Just to show poor speaking

is really a tough job, Dr. Harding lists a whole gang of rules a speaker should follow if he wants to be terrible.

From here on it's all Dr. Harding. Don't prepare a speech until the night before. Better, don't prepare it at all. Just go in and try to talk off the cuff.

Right at the start hit the audience with three or four new words and mispronounce them. This will make you look pretty bright.

Don't pay attention to a time limit. If you use up the allowed time with your introduction, just keep on and use up the other speakers' time.

Be Sure To Be Late

Don't go in for that old-fashioned thing called "modesty." Use "I frequently," says Dr. Harding. "The word 'my' at the beginning of successive sentences always attracts attention."

This is still Dr. Harding. Don't worry about your dress. Be sloppy or flashy. Be sure to mumble. And—arrive late. If there's a public-address system with loud speakers in the place, don't use it.

Says Dr. Harding:

"Writers of textbooks on speaking always harp on 'conversational quality.' It's a flat failure in poor speaking. To succeed, either talk to yourself or make an oration. Conversing directly with the audience is just another one of those impractical modern theories. x x x

"Don't forget to arrange for strong lights in the audience's eyes. This is the same device used so successfully in the third degree. x x x

"Insult your listeners. x x x After all, they can always read your book if they want real enlightenment x x x Use long and involved sentences throughout. Join clauses with 'and,' 'but,' and 'however' frequently. x x x A sentence is scarcely worth uttering if it is less than 150 words long."

DR. ALLEN DIES

Reading, Pa., Jan. 12 (AP)—Dr. H. Melvin Allen, 78, of Mt. Penn. hernia specialist and Spanish-American war veteran, died at his home yesterday after a long illness. A physician for 45 years, he had been associated for the last 16 years with the Philadelphia General hospital.

MARINES RALLY IN PHILADELPHIA

Philadelphia, Jan. 12 (AP)—The commandant of the U. S. Marine Corps labeled as "untrue" a report that leathernecks would be sent to protect the American consulate at Palestine.

Gen. Clifton B. Cates, in an interview yesterday before a rally opening Marine Corps Reserve week here, said the Palestine situation is "none of our official business."

Cates and Fleet Admiral William

F. Halsey, Jr., were among the top-ranking officers attending the rally in Philadelphia convention hall. More than 17,000 persons, many of them Marine Corps veterans, packed the hall while another 9,000 were unable to enter.

General Cates told a reporter that the announced dispatch of 1,000 marines to the Mediterranean was "perfectly normal" and that the contingent "will merely replace those that are already there."

"We're not looking for trouble," General Cates said, "and if we did, we wouldn't be sending a scrub team to take the place of the varsity."

Admiral Halsey reminded the wildly cheering gathering that "American history is not all behind us." "New pages," he said, "will be written this year and in the coming decade. I have no doubt that the most interesting footnotes will be written by the marines."
